

The Hastings Law Firm is dedicated to providing injured persons with the highest quality legal representation. We believe in practicing law with honor, civility, integrity and compassion. We are a results-oriented injury law firm with an excellent track record of success and an outstanding reputation within the legal community.

We never lose sight of the fact that we represent individuals and families whose lives have been forever impacted by tragedy and loss. Our clients are always treated with utmost respect and civility. We recognize that people come to us during difficult and confusing times in their lives, and we are dedicated to providing them with the committed and compassionate legal assistance they need and deserve. We believe in providing all of our clients with personal service and accessibility.

We are honored to be the lawyer's lawyers--the vast majority of our clients are referred to us by other attorneys in Michigan and beyond. Our clients include the family members, friends and valued clients of some of the most respected attorneys and law firms in the state. We are tremendously proud of the fact that many of our clients are recommended by attorneys that were on the opposing side of cases we have handled over the years--reinforcing our belief that we practice law the right way.
